

WHAT WE'RE ABOUT

We offer quality rooms at wallet-friendly prices and provide a WOW factor for our guests. We LOVE to host guests and provide them enough space to enjoy their private time. We believe this will enable interconnecting with guests across the world, where our guests can truly experience real life in a new country or place, and long-lasting cross-cultural relationships can be formed.

OUR STORY

In 2017, while we were searching for a stay in a new place, we found Home Stays to be a suitable place and give us the experience of meeting new people across various cities in India and abroad. This helped us to know more about the place we visited, their culture and more friends. With this in mind, we setup this place to host guests at "Friendlystay"

Today we have one Homestay and three Bed & Breakfast businesses running from 4 different places in Chennai and are registered with Tamil Nadu Tourism.
